

## DELTA WORLDWIDE

Discerning customers demand standards of product and service few companies can provide. In meeting these standards **designs49** are proud that our Delta Sunroom products enhance homes throughout the UK and Ireland and also in the exclusive Hamptons area of Long Island and Manhattan, New York, USA and even Japan.

## PROFESSIONAL DESIGN AND PLANNING SERVICE

Our skilled team of professionals are here to provide guidance at every stage of the decision-making process. They will be happy to advise you on a design which will complement your home and provide you with the extra living space you require.

## CRAFTSMAN FITTED

Our team of professional installers aim for complete customer satisfaction. You can be certain that we will carry out the work with utmost attention to detail and minimum disruption to your family.

## QUALITY STANDARDS

Our sunroom system is issued with a certificate of authenticity showing its manufacture specifically for your home. Window and door frames are kitemarked to BS6375 (performance testing) and BS7950 (enhanced security).

Secured by Design - Police approved.

## ENERGY

When considering today's energy costs, solar and energy efficient glazing are amongst the many options available to enhance the performance of your sunroom. Certified Category A energy rated frames available.

Creating  
Beautiful Homes

# Creating Beautiful Homes

A **Delta** sunroom is a cost-effective way to add space, comfort and luxury to your home. A sunroom allows you to bring the outdoors inside with an uninterrupted outlook; it's a place where you can enjoy your garden or a view from your home in year round comfort.

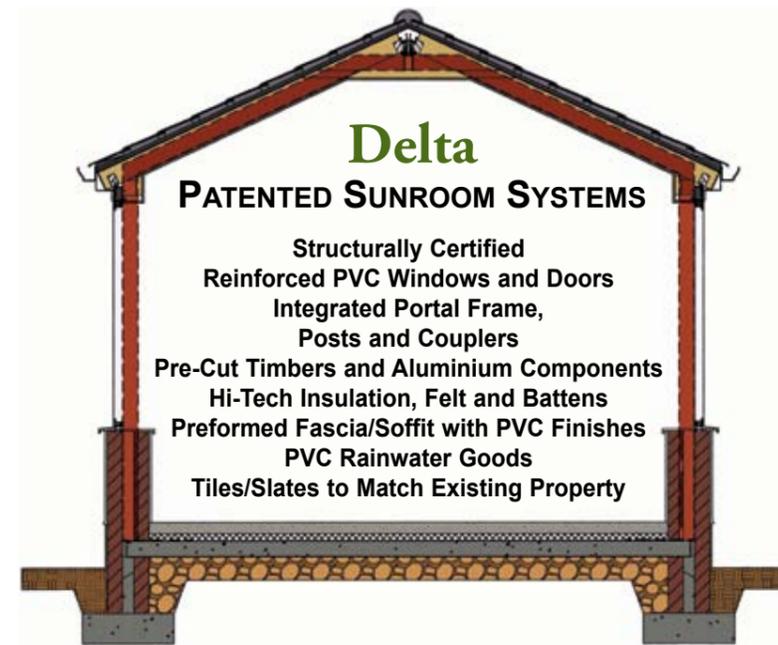

Adding genuine floor space to your home, sunrooms are known for their heat retention in winter and protection from the blazing sun in summer. A bespoke sunroom is a versatile addition to your home and can be put to a variety of uses such as a bright and practical living space, family room, or den, a spacious dining area, an inspiring study, a lofty reception hall, a games room or gym with a view, or simply a place to relax and unwind watching the seasons come and go.

Constructed using materials similar to your home, a sunroom can blend easily with its surroundings or make a statement in its own right. Our range of custom-made sunrooms offers you complete design freedom. Available in any size and in a range of appealing designs.

The character and performance of your sunroom will be enhanced further by choosing from a huge range of tried and tested window frames. The fully sculptured PVCu windows and doors are available in white or golden oak, rosewood woodgrains. Acrylic finished painted PVCu frames can also be provided in any RAL colour.

Peace of mind comes as standard!

- Police approved high security locks to protect your home
- High performance glazing for reduced heating costs and comfort all year round
- 10 year insurance backed guarantee for entire project

A **Delta** sunroom is an easy and efficient way to add space when building a new house or extending your home. An extra room, adding real value to your property - a sunroom is comfortable all year round - allowing you to watch the seasons come and go in comfort.
